		Statements						
		I believe that there is a possibility that extra-terrestrial life has or will visit Earth	I would pay to go to space if it were easily accessible to the general public	If space travel were more accessible I would invest my savings to visit space	I believe that planetary alignments affect your mood	I am worried about a potential asteroid impact with the Earth	I believe the UK needs to have a stronger asteroid defence system in place	I believe humans will inevitably have to live in space due to the earth becoming increasingly uninhabitable

**Q.3 Please indicate to what extent you agree or disagree within each of the following statements?**

**Summary**

**Base: All respondents excluding don't knows**

	I don't have time to see a medical professional about my mental health	I'm too busy to think about my mental well-being, despite having consistent symptoms of anxiety / depression	I would like to see someone about my mental health, but cannot take the time off work	I would like to see someone about my mental health, but don't think my boss will allow me the time off work	I have experienced mental health issues for over 5 years but have not had the time to see a medical professional	I would like to see someone about my mental health, but worry that treatment would take too long	I feel like I don't have a right to be depressed because I am relatively successful and affluent	I'm worried about what my colleagues / friends would think if they knew I had mental health problems	I think it's harder to discuss mental health problems in my social circle	My job gives me a lot of stress and anxiety that I do not know how to manage	Comparing my success to others gives me anxiety	I feel that the higher my earning capacity, my mental health problems became more unmanageable	The more successful I become and the more I earn, the more pressure I feel to maintain that lifestyle	I fill an emotional void of depression with material possessions or other vices, some of which I can't afford	entrepreneur / Director of a business, I feel that I'm unable to take time away from work to address mental health issues as it would be to the detriment of the business	I have avoided taking ibuprofen (Nurofen) because of the side-effects	Despite awareness of side-effects I still use large amounts of painkillers each month	I don't understand the side-effects of traditional ibuprofen	I have withstood serious pain to avoid being prescribed strong opioid-based painkillers such as codeine	investing in the pharmaceutical arena but not in huge, multi-national corporations such as: Pfizer, Merck, Johnson & Johnson, GlaxoSmithKline or Proctor and Gamble
