| A woman has an absolute right to choose to have an abortion - her reasons for doing so are irrelevant | Voluntary euthanasia should be legal | Scientific testing on animals is wrong in any circumstances | It is not realistic in the modern world to expect people to stay with the same partner for their whole life | There is an afterlife | Gay couples should have exactly the same rights as heterosexual couples | If a woman goes ahead with a pregnancy against the wishes of the baby's father he should still have to pay child maintenance | Marriage is now an irrelevant institution |
